COMMISSION

MUR # 7061

5-2-16

Dear Federal Election Commission:

2016 MAY -9 PM 12: 20

I am filing a complaint. I believe the Hillary Clinton fundraiser on April 15, 2016, where \$353,000.00 per person was raised violating the individual donor limits set forth in 11 CFR 110.3(a) titled CONTRIBUTION LIMITS FOR AFFILIATED GENERAL COMMITTEES AND POLITICAL PARTY COMMITTEES and the Federal Election Commission Campaign Guide (Rev. June 2014) pages 17, 18 and 19, and McCruthen, et, al.

Specifically, I take issue with 32 State Committees failing to share a 10,000.00 per person contribution, per year combined limit as listed on the chart, per individual donor was left in place by McCruthen, but greedily asking for 10,000.00 per State Committee in clear violation of these rules. They are affiliated. The 32 committees share their governance through provisions and by-laws, etc. 11 CFR 110.3(b), and 11CFR 110(a) For Purposes of the contribution limitation... application of this paragraph means all contributions made or received by the following committees shall be considered to be made or received by a single political committee... A committee established by the same person or group of persons or local unit thereof, meaning, State or Regional Associations... other than 110 (b)(1)(i)(ii) House and Senate campaign committees, don't have to abide by these rules.

Hillary Clinton is no longer a Senator, and 310,000.00 per donor should be returned and she should be fined. They share their governance and other criteria, so they should share the 10,000.00 per individual donor per year combined limit 32 different ways. Presidential Campaign rules apply and so do our limits.

Thanks,
